Dates & details coming soon!

Congrats M.S. Eagles!

Mrs. Miller's Scholars received a Certificate of Achievement for outstanding completion of 500 questions on IXL!!

BETA Club Recruitment Is Here!

Have you maintained a scholarly GPA, do you have leadership qualities, a passion for helping others, and exhibit outstanding character? If so The National Beta Club is looking for you.

Please be on the lookout for letters of invitations for the 2021 - 2022 Beta Club program. To be a member of the Beta Club is very rewarding. Beta gives scholars all across America the opportunity to give back and earn scholarship opportunities as well. If you have questions, please see Dean Lomax, Dean Miller and Mrs. Maize.

MAP Testing Begins Soon!

Elementary will begin MAP testing starting October 6th through October 8th for grades K- 5th. In preparation for the test, Scholars in grade 3 - 5 are welcome to use their own laptops or tablets to test!

Parents, please allow your scholar to bring their devices to school on Tues, Sept 28th and Thurs, Sept 30th so we can make sure the devices are compatible and test ready to work properly with our system.

Info forthcoming next week. Contact Dean Lomax, Dean Miller and Mrs. Maiz for more information.

Dual Enrollment Coming to ACS!

Stay tuned for more details from Dr. Moseley on GA Military College Dual Enrollment Options for Juniors & Seniors!

Eagles Making a Difference!

Thanks to all of our **Scholars** for being committed to arriving to school on time, submitting your homework on time, participating in virtual classes, wearing your masks, following our uniform policy and being on your best behavior! **We See You! THANK YOU!**

Thanks to all of our **Dean Sylvain, Dean Porter, Dean Miller Dean Lomax and our Counselor, Dr. Moseley** for their tireless efforts, academic instruction, counseling sessions and commitment for the very best education for our Scholars! We TRULY Appreciate You!

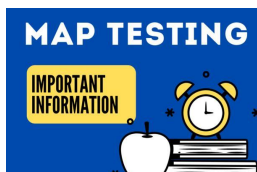

Parent Coffee & Donuts Chats!

We're planning a few of these sessions to discuss your questions and feedback and to allow us to share important updates

ACS Spirit Wear Orders!

Our 2nd wave of ACS Spirit Wear Orders has ended. We are now processing all orders received for the month of September. All orders are produced together to save costs. Please allow at least 2 week delivery from today on your order. We will keep you posted via email and the website.

A few CashApp orders did not specify item theme, color or quantity. We will try to reach you via your teacher if you did not submit a form to the front office. Please contact Amy Wright @ amy.wright@arlingtonchristian.org for customer support. Thank you!

Welcome Aboard Mr. Beatty! Tell us what classes you teach @ ACS?
"Algebra I, Algebra II, Pre-Calculus and Geometry."

What math techniques have our Scholars been learning in your class?

"From learning how to identify and construct different equations to solving and graphing functions and proving theorems."

What do you enjoy about teaching?

"I Love helping people. I think there is no higher calling for us all than to serve each other with the talents and gifts we each possess. Also, because it's difficult and I embrace that challenge. It makes me feel good to take on a task that so few people want to do. I also appreciate the reward that happens daily when you watch a scholar discover something new or realize that they can do something that they thought they couldn't do. It's like watching someone discover themselves for the first time."

What are a few great careers for Scholars who love math?

"Wow, so many. Cryptographer, Actuary, Economist, Statistician, Financial Planner, Operations Research Analyst, Investment Analyst, the list goes on. I guess the most popular ones would be Engineer, Computer Scientist, and Astronaut."
